GENERAL INFORMATION

Keys of the Fire Alarm Boxes are placed with the residents in the immediate vicinity of the several boxes, also with all the policeman, and in several locations a Key is hanging on the side of the Box. Citizens will please inform themselves where the Keys are kept—signs giving the required information being placed on the Box

Key holders upon positive information of a fire in their immediate vicinity (nearer to that box than any other), may unlock the box, and IF THE SMALL GONG IN THE BOX IS NOT STRIKING, may pull the hook down ONCE AND LET GO.

Key holders are instructed that a box must never be pulled for a fire seen at a distance, or their key intrusted to boys or irresponsible persons

Persons giving an alarm are requested to remain at the box until the arrival of apparatus and then direct them to the locality of the fire

One stroke on the alarm bells, or two strokes, with an interval between them, indicates that the alarm is being tested

Two strokes preceding the pulling of any box will indicate that the box is pulled by the Chief Engineer to practice the department

The Chief Engineer will use the fire alarm to transmit his orders to the whole department or any detail thereof

STREET DIRECTORY

AND GUIDE TO

SUMMER RESIDENCES

COPYRIGHT, 1925 SAMPSON & MURDOCK CO., BOSTON, MASS.

(See also List of Summer Residents)

Giving the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect

From this list, the location of any number on a street, or the location of any public building, can be easily ascertained; as, for instance, wishing to know at what part of Broadway No. 220 is located, you look at Broadway, and find that Gould Street runs from 202, and Park Street from 226, showing that 220 would come on the left, between Gould and Park Streets

When a street crosses another, numbers (or ciphers) are given on both sides; but when it begins or ends at that street, the number is given only on the side at which it intersects. Ciphers are used where no numbers exist

Money for You for Every Legitimate Need

When you put your money in Morris Plan Investment Certificates, you provide a fund with which to meet emergencies. Certificates issued in $50, $100, $500 and $1000 denominations; may be purchased for cash or on small weekly or monthly installments. They pay 5% annual interest. When you want money in a hurry for business or domestic needs, we'll loan it at the low rate of $4 for each $50 borrowed. Principal repaid in 50 weekly or 12 monthly installments. Come in and get acquainted—or write to us. We are always glad to help deserving folks.

DIRECTORY SERVICE

THE LIBRARY

Our Directory Library covers the United States and Canada. The latest book for every city of 25,000 population or more is there for the reference of business and professional men, together with over 1200 other Town and City and Trade Directories. Single reference to any of these books may be made without charge.

SALE OF DIRECTORIES

May we help you keep your Library up-to-date?

Through one account, at this office, you can secure all Directories upon publication at the list price.

You may place a standing order for every book, the last edition of which you need always on file, and be assured that copy will be received promptly. You may check up your Library through us, finding the date of the present edition of any Directory and when the new book will be from press.

S & M MAILING LISTS

From our Library information, which includes a fund of valuable data, in addition to the very complete file of Directories, concerns all over the country are having us build Mailing Lists according to their particular need for merchandising their product or service, or their by-product, in a larger territory or to a new class of buyers.

Some Lists compiled are for the complete classification in a given territory—as *every* Retail Grocer in states east of the Mississippi River; while others are for PREFERRED PROSPECTS—as a List of Retail Grocers rated $10,000 and over. This List would number about 9,000 as against 150,000 names in the complete listing.

Write for the Mailing List Data Sheet which is a convenient form for making inquiry regarding a List to meet your requirements.

INFORMATION

in the mass seems like a dull proposition but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

Accurate Information is worth all its costs.

Send Your Sales Letters To "LIVE" Prospects

The mailing lists issued by Sampson & Murdock Co. are constantly revised and brought "up-to-the minute" by competent workers who use the latest city and state directories, in addition to other reliable information, in keeping them as accurate as is humanly possible.

Postage, printing and stock run so easily into money that every user of a mailing list will do well to consider the advantages of a list that has the minimum of dead wood and also the wisdom of having that list revised occasionally by experts.

The benefits of many a snappy sales letter, costly catalogue or other good advertising is lost because of the waste in sending to defunct firms, wrong addresses or other "has beens".

Our business is designed to save you a large percentage of this waste and if you will communicate with us we will be much pleased to quote you a price on revising your old list or on an entirely new one.

Maybe we can also give you some suggestions on preparing copy that will be of value to you.

ADVERTISING DEPARTMENT

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

LIST AND LETTER DEPARTMENT

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery; and results in more profits to you. You want your mailing lists accurate—That's the kind we make. We will also multigraph, address, stamp and mail your letters. All you need to do is to tell us your general plan. We will work out the details. Ask us to tell you about this branch of our business.

Ask Sampson & Murdock Company about the City Directory, the book of many uses.
